Pastor Brian LeMew of Mt. Pleasant Community Church of Mt. Pleasant offered the following invocation:

Father in heaven, we thank You for the gift of this day; for each day, each moment, and each breath that comes from You. In You we live and breathe and have our being, and right now we pause to acknowledge the fact that You are with us. You have been with us from the moment we woke up this morning and put our feet on the floor to this very moment in this great assembly. You are a God who is not far away, but You are a God who is near and attentive to every detail.

God, we are fearfully and wonderfully made with minds to think, discern, and create; with hearts to feel compassion for those in need; with hands to take action to bring about change, restoration, and new beginnings. We gather to apply our minds, bodies, and hearts, our whole selves to bring about Your good for the towns, the cities, and the counties of the great state of Michigan.

God, You are the giver of every good and perfect gift. We come today with grateful hearts for all that You provide. As the wealthiest nation in the world, we have been given so much. May we be good stewards of all that we have and provide for those who suffer at home and abroad. God, You have placed within our hands the ability to change lives, to make an impact by taking what You have placed in our hands to bring hope.

We exist for more than accumulation of wealth and possessions. We exist for more than the gaining of more influence and esteem. We exist to reflect Your goodness and glory to our neighbors, our co-workers, our friends, and our families.

I thank you for these men and women who are gathered here this morning. I thank You for their insights, wisdom, and leadership. I thank You for the time, energy, and sacrifices they make in order to provide for the needs of this state. May You guide them today. Give them clarity, discernment, and courage as they lead. May You also watch over them and remind them that You are present as they bear heavy burdens in their offices and at home. May You also give them rest as the work. They have devoted themselves to make great demands on their time and families.

Thank You, God, for meeting us here in this place at this hour for this important work ahead. It is in Christ's name that I pray. Amen.

The President pro tempore, Senator Schuitmaker, led the members of the Senate in recital of the *Pledge of Allegiance*.

Sec. 407. (1) The amount appropriated in part 1 for substance abuse prevention, education, and treatment grants shall be expended for contracting with coordinating agencies. Coordinating agencies shall work with CMHSPs or PIHPs to coordinate care and services provided to individuals with severe and persistent mental illness and substance abuse diagnoses.

(b) A PIHP shall state in writing to the health professional or facility any defect in the claim within 30 days after receipt of the claim.

(c) A health professional and a health facility have 30 days after receipt of a notice that a claim or a portion of a claim is defective within which to correct the defect. The PIHP shall pay the claim within 30 days after the defect is corrected.

(1) For those substance abuse coordinating agencies that have voluntarily incorporated into community mental health authorities and accepted funding from the department for administrative costs incurred pursuant to section 468, the department shall establish written expectations for those CMHSPs, PIHPs, and substance abuse coordinating agencies and counties with respect to the integration of mental health and substance abuse services. At a minimum, the written expectations shall provide for the integration of those services as follows:

Sec. 492. If a CMHSP has entered into an agreement with a county or county sheriff to provide mental health services to the inmates of the county jail, the department shall not prohibit the use of state general fund/general purpose dollars by CMHSPs to provide mental health services to inmates of a county jail.

Sec. 494. (1) In order to avoid duplication of efforts, the department shall utilize applicable national accreditation review criteria to determine compliance with corresponding state requirements for CMHSPs, PIHPs, or subcontracting provider agencies that have been reviewed and accredited by a national accrediting entity for behavioral health care services.

(2) All closures or consolidations are dependent upon adequate department-approved CMHSP and PIHP plans that include a discharge and aftercare plan for each individual currently in the facility. A discharge and aftercare plan shall

The department shall provide a progress report on implementation to the senate and house appropriations subcommittees on community health and the senate and house fiscal agencies by June 1 of the current fiscal year.

Sec. 1692. (1) The department is authorized to pursue reimbursement for eligible services provided in Michigan schools from the federal Medicaid program. The question being on concurring in the committee recommendation to give the bill immediate effect,
The recommendation was not concurred in, 2/3 of the members serving not voting therefor.

Senator Kahn asked and was granted unanimous consent to make a statement and moved that the statement be printed in the Journal.

The motion prevailed.

Senator Kahn's statement is as follows:

I rise to respond, through you, to my good friend from the 14th District whose passion for the least of us, or those of us who live in the shadows, I share and respect. I think some perspective on Healthy Kids dental is warranted. That program has been gradually expanded through the state of Michigan through two administrations.

During the last administration, I had talked about ways to expand Healthy Kids dental to bigger counties—bigger and therefore more expensive counties. The methodology that we have come up with, which passed here in the Senate but was ultimately excluded in the budgets under the last administration, was to go by zip code for smaller communities to deal with the affordability issue. The last administration didn't support that.

Fast-forward now to this administration and this administration has made a public statement that they would like to get all of Michigan into Healthy Kids dental over approximately a four-year period of time. This is the first time that we have been able to address that and, in fact, are including about a quarter of the state's areas of population in the new bill. What happens next year and the year after? We will run up against the same issue that the last administration had difficulty coming to grips with—large counties with large populations.

I would ask, through you, Madam President, that my good friend from the 14th District would embrace this budget which does make a change in the first place. In the second place, to work with the chair of the Department of Community Health committee, the good Senator from the 36th District, to find a way to deal with the disparity issue, and by that I mean disparity in size of the remaining counties.

Senator Proos submitted the following:

FIRST CONFERENCE REPORT

The Committee of Conference on the matters of difference between the two Houses concerning
Senate Bill No. 951, entitled

A bill to make appropriations for the department of corrections for the fiscal year ending September 30, 2013; and to provide for the expenditure of the appropriations.

Recommends:

First: That the House recede from the Substitute of the House as passed by the House.

Second: That the Senate and House agree to the Substitute of the Senate as passed by the Senate, amended to read as follows:

A bill to make appropriations for the department of corrections for the fiscal year ending September 30, 2013; and to provide for the expenditure of the appropriations.

Sec. 606. It is the intent of the legislature that the department shall ensure that parolees and probationers may timely contact their parole or probation agents and maintain procedures that preclude any necessity for an offender to have access to an agent's home telephone number or other personal information pertaining to the agent.

Sec. 608. By March 1, the department shall report to the senate and house appropriations subcommittees on corrections, the senate and house fiscal agencies, and the state budget director on the use of electronic monitoring. At a minimum, the report shall include all of the following:

(1) The department shall review and revise as necessary policy proposals that provide alternatives to prison for offenders being sentenced to prison as a result of technical probation violations and technical parole violations. To the extent the department has insufficient policies or resources to affect the continued increase in prison commitments among these offender populations, the department shall explore other policy options to allow for program alternatives, including department or OCC-funded programs, local level programs, and programs available through private agencies that may be used as prison alternatives for these offenders.

(2) To the extent policies or programs described in subsection (1) are used, developed, or contracted for, the department may request that funds appropriated in part 1 be transferred under section 393(2) of the management and budget act, 1984 PA 431, MCL 18.1393, for their operation.

(3) The department shall continue to utilize parole violator processing guidelines that require parole agents to utilize all available appropriate community-based, nonincarcerative postrelease sanctions and services when appropriate. (4) The department shall provide quarterly reports to the senate and house appropriations subcommittees on corrections, the senate and house fiscal agencies, and the state budget director on the number of all parolees returned to prison and probationers sentenced to prison for either a technical violation or new sentence during the preceding calendar quarter.

Sec. 615. After the parole board has reviewed the cases of all inmates sentenced to imprisonment for life with the possibility of parole who have good institutional records, the parole board shall calculate each inmate's parole guidelines score. The parole board shall provide the legislature with the specific reason or reasons why any individual inmate who scores "high probability of release" is not being paroled. The parole board shall submit a report containing a list of these reasons for each inmate to the house and senate appropriations subcommittees on corrections, the house and senate fiscal agencies, and the state budget director by January 1.

Prisoners with serious mental illness shall not be confined in administrative segregation. Under the supervision of a mental health professional, a prisoner with serious mental illness may be secluded in a therapeutic environment for the safety of the prisoner or others. A prisoner in therapeutic seclusion shall be evaluated by a mental health professional at a frequency set forth in the mental health code, 1974 PA 258, MCL 330.1001 to 330.2106, or at least every 12 hours, whichever would require more frequent evaluations, in order to remain in therapeutic seclusion.

Sec. 925. By March 1, 2013, the department shall report to the senate and house appropriations subcommittees on corrections, the senate and house fiscal agencies, and the state budget director on the annual number of prisoners in administrative segregation between October 1, 2003 and September 30, 2012, and the annual number of prisoners in administrative segregation between October 1, 2003 and September 30, 2012 who at any time during the current or prior prison term were diagnosed with serious mental illness or have a developmental disorder and the number of days each of the prisoners with serious mental illness or a developmental disorder have been confined to administrative segregation.

Under the supervision of a mental health professional, a prisoner less than 19 years of age with serious mental illness or serious emotional disturbance may be secluded in a therapeutic environment for the safety of the prisoner or others. A prisoner in therapeutic seclusion shall be evaluated every 12 hours by a mental health professional in order to remain in therapeutic seclusion.

(c) Implement a specialized re-entry program that recognizes the needs of prisoners less than 19 years old for supervised re-entry.

Sec. 930. The department shall not have a shooting range located on property east of 3760 Foco Road, Standish, Michigan.

Sec. 935. The department shall regularly evaluate each correctional facility in terms of cost effectiveness and make a determination as to how long each facility should remain open based upon the age of the facility, the costs of its continued operation, and the relative costs of alternative bed space that could be utilized. When it is determined that a facility is no longer cost-effective to operate due to the age of the facility or that the facility has become functionally obsolete, or both, the department should analyze the economic impact of the facility on the surrounding community. If the department determines that the facility is critical to the economic viability of the surrounding community, the department shall work with the Michigan economic development corporation and any other relevant state or local agencies to encourage private sector investment in that community.

Sec. 936. The department shall contract with third-party providers to complete an assessment of energy utilization at each state correctional facility. In particular, the department shall endeavor to identify and implement energy-saving initiatives in the various correctional facilities. By April 1, the department shall provide the members of the senate and house appropriations subcommittees on corrections, the senate and house fiscal agencies, the state budget director, and the legislative corrections ombudsman with a report on these efforts.

Sec. 937. The funds appropriated in part 1 for the cost-effective housing initiative shall be utilized to ensure more cost-effective housing of prisoners. The department shall use this funding to house prisoners in the most cost-effective manner possible. This shall include exploring the use of public-private partnerships, the use of privately owned facilities in Michigan, and the use of state facilities by third-party contractors. The use of cost-effective housing from this initiative shall be used to achieve general prison operations savings budgeted in the inmate housing fund line item. The department shall work cooperatively with the chairpersons of the senate and house appropriations subcommittees on corrections in identifying appropriate reductions to prison facility line items to achieve the budgeted savings in the inmate housing fund line item.

Sec. 939. (1) By January 1, the department shall release a request for proposal seeking competitive bids for the special alternative incarceration facility, the prison stores, the food service operations, and up to 1,750 custody beds.

(2) The department, working with the department of technology, management, and budget, shall issue a quarterly report detailing the current status of any requests for proposal required under this section. Sec. 941. The department shall ensure that any contract with a public or private party to operate the special alternative incarceration facility at camp Cassidy Lake includes a provision to require that public works program services continue to be provided to the St. Louis Center in Chelsea at rates consistent with the rate structure in place as of May 1, 2011.

Sec. 942. The department shall ensure that any contract with a public or private party to operate a facility to house state prisoners includes a provision to allow access by both the office of the legislative auditor general and the office of the legislative corrections ombudsman to the facility and to appropriate records and documents related to the operation of the facility. These access rights for both offices shall be the same for the contracted facility as for a general state-operated correctional facility.

Sec. 943. It is the intent of the legislature that the department maintains sufficient perimeter security measures at department prison facilities to ensure the safety of communities surrounding those facilities.

Sec. 945. As a condition for expending funds appropriated in part 1, the department shall allow a person acting as a prisoner mentor to continue his or her mentoring relationship with a prisoner as that prisoner transitions back into the

community during his or her term of parole unless the department has specific reasons as to why the continuation of the mentoring relationship is not in the best interest of the prisoner's transition success. The department shall not establish or practice a policy that automatically disqualifies a mentor from continuing an established mentoring relationship during a prisoner's term of parole.

Sec. 946. As a condition for expending funds appropriated in part 1, the department shall not restrict prisoner access to programming and shall not deny prisoner access to persons qualified to deliver programming because of the faith-based nature of the programming. The department shall establish clear policy guidance regarding the validity of faith-based programming for prisoners who desire that programming and prohibiting discrimination against faith-based programming relative to other types of programming for those prisoners. The policy shall be communicated to all prison wardens and key facility management staff to ensure compliance.

MISCELLANEOUS

Sec. 1009. The department shall create an information packet for the families of incoming prisoners. This packet shall be made available on the department website by February 1, 2013 and shall be updated by February 1 of each year thereafter. The packet shall provide information on topics including, but not limited to: how to put money into prisoner accounts, how to make phone calls or create Jpay email accounts, how to visit in person, proper procedures for filing complaints or grievances, the rights of prisoners to physical and mental health care, how to utilize the offender tracking information system (OTIS), truth-in-sentencing and how it applies to minimum sentences, the parole process, and guidance on the importance of the role of families in the reentry process. The department is encouraged to partner with external advocacy groups and actual families of prisoners in the packet-writing process to ensure that the information is useful and complete.

Sec. 1011. The department shall accept in-kind services and equipment donations to facilitate the addition of a cable network that provides programming that will address the religious needs of incarcerated individuals. This network shall be a cable television network that presently reaches the majority of households in the United States. A bilingual channel affiliated with this network may also be added to department programming to assist the religious needs of Spanish-speaking inmates. The addition of these channels shall be of no additional cost to this state.

CIVIL SERVICE

Sec. 850. (1) In accordance with section 5 of article XI of the state constitution of 1963, all restricted funds shall be assessed a sum not less than 1% of the total aggregate payroll paid from those funds for financing the civil service commission on the basis of actual 1% restricted sources total aggregate payroll of the classified service for the preceding fiscal year. This includes, but is not limited to, restricted funds appropriated in part 1 of any appropriations act. Unexpended 1% appropriated funds shall be returned to each 1% fund source at the end of the fiscal year.

(2) The appropriations in part 1 are estimates of actual charges based on payroll appropriations. With the approval of the state budget director, the commission is authorized to adjust financing sources for civil service charges based on actual payroll expenditures, provided that such adjustments do not increase the total appropriation for the civil service commission.

(3) The financing from restricted sources shall be credited to the civil service commission by the end of the second fiscal quarter.

Sec. 851. Except where specifically appropriated for this purpose, financing from restricted sources shall be credited to the civil service commission. For restricted sources of funding within the general fund that have the legislative authority for carryover, if current spending authorization or revenues are insufficient to accept the charge, the shortage shall be taken from carryforward balances of that funding source. Restricted revenue sources that do not have carryforward authority shall be utilized to satisfy commission operating deducts first and civil service obligations second. General fund dollars are appropriated for any shortfall, pursuant to approval by the state budget director.

Deposits against state-sponsored group insurance, flexible spending accounts, and COBRA for the flexible spending account program shall be made from assessments levied during the current fiscal year in a manner prescribed by the civil service commission. Unspent employee contributions to the flexible spending accounts may be used to

(2) As used in this section, "inappropriate use" means not used to meet a family's ongoing basic needs, including food, clothing, shelter, utilities, household goods, personal care items, and general incidentals.

Sec. 677. The department shall establish a state goal for the percentage of family independence program (FIP) cases involved in employment activities. The percentage established shall not be less than 50%. On a monthly basis, the department shall report to the senate and house appropriations subcommittees on the department budget, the senate and

house fiscal agencies and policy offices, and the state budget director on the current percentage of FIP cases involved in JET employment activities and an estimate of the current percentage of FIP cases that meet federal work participation requirements.

Sec. 686. (1) The department shall ensure that program policy requires caseworkers to confirm that individuals presenting personal identification issued by another state seeking assistance through the family independence program, food assistance program, state disability assistance program, or medical assistance program are not receiving benefits from any other state.

(2) The department shall require caseworkers to confirm the address provided by any individual seeking family independence program benefits or state disability assistance benefits.

(3) The department shall prohibit individuals with property assets assessed at a value higher than \$500,000.00 from accessing assistance through department-administered programs, unless such a prohibition would violate federal rules and guidelines.

(4) The department shall require caseworkers to obtain an up-to-date telephone number during the eligibility determination or redetermination process for individuals seeking medical assistance benefits. On a monthly basis, the department shall provide the department of community health an updated list of telephone numbers for medical assistance recipients.

Sec. 696. From the funds appropriated in part 1, the department shall allocate \$1,000,000.00 to the Chaldean community foundation. This money shall be utilized to provide translation services, health care services, youth tutoring and mentoring programs, and refugee resettlement services.

JUVENILE JUSTICE SERVICES

Sec. 706. Counties shall be subject to 50% chargeback for the use of alternative regional detention services, if those detention services do not fall under the basic provision of section 117e of the social welfare act, 1939 PA 280, MCL 400.117e, or if a county operates those detention services programs primarily with professional rather than volunteer staff.

Sec. 707. In order to be reimbursed for child care fund expenditures, counties are required to submit department-developed reports to enable the department to document potential federally claimable expenditures. This requirement is in accordance with the reporting requirements specified in section 117a(7) of the social welfare act, 1939 PA 280, MCL 400.117a.

Sec. 708. As a condition of receiving funds appropriated in part 1 for the child care fund line item, by December 15 of the current fiscal year, counties shall have an approved service spending plan for the current fiscal year. Counties must submit the service spending plan to the department by October 1 of the current fiscal year for approval. The department shall approve within 30 calendar days after receipt a properly completed service plan that complies with the requirements of the social welfare act, 1939 PA 280, MCL 400.1 to 400.119b.

Sec. 710. The department, Wayne County, and the third circuit court may rewrite the memorandum of understanding (MOU) that permits Wayne County to manage its juvenile justice system so that the MOU takes into account all interested parties, including, but not limited to, the legislature.

Sec. 719. The department shall notify the legislature at least 30 days before closing or making any change in the status, including the licensed bed capacity and operating bed capacity, of a state juvenile justice facility.

Sec. 721. If the demand for placements at state-operated juvenile justice residential facilities exceeds capacity, the department shall not increase the available occupancy or services at the facilities, and shall post a request for proposals for a contract with not less than 1 private provider of residential services for juvenile justice youth to be a residential facility of last resort.

LOCAL OFFICE SERVICES

Sec. 750. The department shall maintain out-stationed eligibility specialists in community-based organizations, community mental health agencies, nursing homes, and hospitals unless a community-based organization, community mental health agency, nursing home, or hospital requests that the program be discontinued at its facility.

Sec. 753. By January 1, 2012, the department shall implement the recommendations of the 2004 public private partnership initiative's training committee to define, design, and implement a train-the-trainer program to certify private agency staff to deliver child welfare staff training, explore the use of e-learning technologies, and include consumers in the design and implementation of training. The intent of the legislature is to reduce training and travel costs for both the department and the private agencies. The department shall report no later than December 1 of the current fiscal year on each specific policy change made to implement enacted legislation and the plans to implement the recommendations, including timelines, to the senate and house appropriations subcommittees on the department budget, the senate and house standing committees on human services matters, the senate and house fiscal agencies and policy offices, and the state budget director.

CHILD SUPPORT ENFORCEMENT

Sec. 901. (1) The appropriations in part 1 assume a total federal child support incentive payment of \$26,500,000.00.

(2) From the federal money received for child support incentive payments, \$12,000,000.00 shall be retained by the state and expended for child support program expenses.

(3) From the federal money received for child support incentive payments, \$14,500,000.00 shall be paid to the counties based on each county's performance level for each of the federal performance measures as established in 45 CFR 305.2.

(4) If the child support incentive payment to the state from the federal government is greater than \$26,500,000.00, then 100% of the excess shall be retained by the state and is appropriated until the total retained by the state reaches \$15,397,400.00.

(5) If the child support incentive payment to the state from the federal government is greater than the amount needed to satisfy the provisions identified in subsections (1), (2), (3), and (4), the additional funds shall be subject to appropriation by the legislature.

(6) If the child support incentive payment to the state from the federal government is less than \$26,500,000.00, then the state and county share shall each be reduced by 50% of the shortfall.

Sec. 909. (1) If statewide retained child support collections exceed \$38,300,000.00, 75% of the amount in excess of \$38,300,000.00 is appropriated to legal support contracts. This excess appropriation may be distributed to eligible counties to supplement and not supplant county title IV-D funding.

(2) Each county whose retained child support collections in the current fiscal year exceed its fiscal year 2004-2005 retained child support collections, excluding tax offset and financial institution data match collections in both the current year and fiscal year 2004-2005, shall receive its proportional share of the 75% excess.

Sec. 910. (1) If title IV-D-related child support collections are escheated, the state budget director is authorized to adjust the sources of financing for the funds appropriated in part 1 for legal support contracts to reduce federal authorization by 66% of the escheated amount and increase general fund/general purpose authorization by the same amount. This budget adjustment is required to offset the loss of federal revenue due to the escheated amount being counted as title IV-D program income in accordance with federal regulations at 45 CFR 304.50.

(2) The department shall notify the chairs of the house and senate appropriations subcommittees on the department budget and the house and senate fiscal agencies within 15 days of the authorization adjustment in subsection (1).

Eligible programs must serve geographic areas near school buildings that do not meet federal no child left behind annual yearly progress (AYP) requirements and that include the before- or after-school programs in the AYP plans as a means to improve outcomes and serve children living in households with income below 200% of the federal poverty guidelines as established by the United States department of health and human services.

Sec. 1205. (1) From the funds appropriated in part 1, the department shall allocate \$500,000.00 to enter into a contract with a state university or outside research entity to conduct a behavioral health study of juvenile justice facilities operated or contracted for by the state. The study shall utilize diagnostic clinical interviews with and records reviews for a representative random sample of juvenile justice system detainees to develop a report on each of the following:

(a) The proportion of juvenile justice detainees with a primary diagnosis of emotional disorder, the percentage of those detainees considered to currently require mental health treatment, and the proportion of those detainees currently receiving mental health services, including a description and breakdown, encompassing, at a minimum, the categories of inpatient, residential, and outpatient care, of the type of mental health services provided to those detainees.

(b) The proportion of juvenile justice detainees with a primary diagnosis of addiction disorder, the percentage of those detainees considered to currently require substance abuse treatment, and the proportion of those detainees currently receiving substance abuse services, including a description and breakdown, encompassing, at a minimum, the categories of residential and outpatient care, of the type of substance abuse services provided to those detainees.

These data shall be broken down according to each of these 3 respective categories.

These data shall be broken down according to the respective categories of detainees with a primary diagnosis of emotional disorder, a primary diagnosis of addiction disorder, and a dual diagnosis of emotional disorder and addiction disorder.

(2) The report referenced under subsection (1) would be provided not later than June 30 of the current fiscal year to the senate and house appropriations subcommittees on human services, the senate and house fiscal agencies and policy offices, and the state budget director.

Sec. 1207. (2) From the funds appropriated in part 1, the department shall implement at 2 local offices a LEAN process to increase the efficiency of Medicaid eligibility determination not later than December 1, 2012. The goals of the LEAN process shall include, but not be limited to, identifying ways to reduce the number of days that a determination is made for applicants who have submitted all required information from 60 days to 45 days for applicants for whom disability is an eligibility factor, and 45 days to 30 days for patients who reside in nursing homes and all other Medicaid applicants.

(3) Not later than April 1, 2013, the department shall provide a report to the senate and house appropriations subcommittees on the department budget, the senate and house standing committees on families and human services, and the senate and house fiscal agencies and policy offices detailing the outcomes of the LEAN process, the department's progress in achieving the eligibility standard of promptness at the 2 local offices, and the department's plan for implementing efficiency standards identified in the LEAN process statewide.
